Preparation for the First Day of Classes

- For all swimming classes a swimsuit and a towel are required. Goggles are recommended for all levels excluding INF/TOT.
- On the first day of the session, the instructors will call class rosters on the pool deck near the staff office or shop door. Please see the SHOP/Office promptly if the student's name is not called.
- Please arrive at least five (5) minutes before class is scheduled to start.
- Students are NOT allowed to enter the pool before class or stay in the pool after class is dismissed.
- Skill knowledge and performance are evaluated on the first day to ensure all students are properly placed. If the instructor recommends a different level, see the shop/office staff to make the necessary modifications to your registration.
- A parent or adult guardian is required to be the water to participate during each and ALL INF/TOT class(es).
- Non-potty trained children MUST wear a disposable swim diaper AND a plastic/vinyl cover under their swimwear.
- If there are any medical circumstances, learning disabilities, or water experiences that can be of assistance in teaching the student, please notify the instructor before the first class begins.

Student & Parent Protocol

- Children six (6) years and older MUST use the gender appropriate restroom.
- Parents should encourage their child to use the restroom before class and be available to take the child during class, if needed.
- Parents are allowed to wait and watch on the benches during the first and last five minutes of class. The small pool area is NOT available for standing or sitting to watch lessons. The pool deck must be kept clear for safety and to limit distraction.
- Parents are allowed to leave the facility when they have secured their child under the direct supervision of their instructor. Parents must be present five (5) minutes prior to the class ending to meet and pick-up their student.
- SwimAtlanta strives to keep a safe, family-friendly environment. In the circumstances that management feels someone is putting themselves and/or others in danger, demonstrating inappropriate behavior, abusing the facility or becoming aggressive, that person will be asked to leave the facility and their registration will be terminated.
- If a student defecates in the pool it is critical that the shop/office staff be notified immediately. The student (regardless of age) then is required to wear both a disposable swim diaper and a vinyl cover under their swimwear. Multiple incidents will result in dismissal from SwimAtlanta.
- Management reserves all the rights to terminate registration at any point. In this event, an adjusted refund will be offered.

Level Information & Descriptions:

Level Placement: View the level descriptions below and choose the best option for the student based on their age and current skills. Level evaluations are available, upon request.

Level Advancements: Students do not automatically move up to the next level. Promotion is awarded once all the skills are consistently mastered and the instructor feels the student is ready for higher challenges.

Level Recommendations: Level recommendations are given by the instructors towards the end or at completion of each Session. The recommendations are to notify you which level the swimmer will need to enroll in for the next session. **If you have registered for a different level than what has been recommended, you will need to contact the office to make Session changes.** Those recommendations are valid for up to two (2) months. After that time, the swimmer's skills may relapse.
